

# SMART LABEL PRINTER

- THERMAL PRINTING
- NO INK REQUIRED
- PRINT AND STICK
- REDUCE CONSUMABLE COSTS

## PRINT SPECIFICATION

Model	B100
Print method	Direct thermal
Print speed	90mm/s
Interface	USB & Bluetooth 4.0
Print width	12 mm
Editing software	Support barcode, QR code, Text, Various professional graphics, symbols editing and printing
Paper type	Thermal label roll
Paper roll width	15mm
Cutting method	Manual paper cutting
Battery	1500mAh, 7.4V Lthium battery
Charging method	USB
Environment	Work environment temperature 5~40°C humidity ≤ 90% Storage environment temperature 5~45°C humidity ≤ 90%
Dimention	131 x 82 x 31mm
Weight	200g
Print life	50KM
